Dear Raza

We have been thinking of a combined gift to give to Mr. Rudy Leyden from the art community. A suggestion has come from Rudy personally that something that he would cherish and treasure always, would be a portfolio of the 'Self-Portraits' of his artist friends.

Many of the artists are agreeable to the idea and I have undertaken to do the collection, mounting and the get-together of this portfolio. Rudy has included your name in this list and we will be most grateful to receive a self-portrait sketch from you as quickly as possible. He has mentioned that he would not mind even an abstract sketch of a self-portrait!

The suitable size which we have decided upon for the paper on which you could do your portrait is 8" x 11". This would be mounted later. Be sure to send your self-portrait!

On 15th April is a farewell function from the art community to Mr. Rudy Leyden and though it will not be possible to get the whole thing ready we want to present as many of the self-portraits as a token gift. If we can possibly receive it from you in time, we will be most grateful.

With kind regards,

Yours sincerely,

*Khurshed*
