Raga My dear — how long  
it is — what distance  
between us — the passage  
of time unaccounted for —  
still moments become  
alive as if never lived  
before — virginity untampered —  
fresh — smooth — loving —  
exciting — culminating —  
living — unliving — wanting  
unwanting — becoming — unbecoming  
but memory cannot fail  
love entangled cannot get  
untangled &

so it is + so be it —  
for I at this moment miss  
you + remember you + —  
proud very much — + nothing  
else matters —————

Incidents happen — people  
come — people is so —  
Crowded hours — tension —  
horrible feeling — what  
can happen? — nothing does  
all is stale — people — things  
one thing — that thing — other  
thing — everything — Want  
to live — my way — possibly impossible  
+ so I go on painting — photographing —  
love — T.B. —
