My dear Razi,

I had dinner with John Levy this evening & saw several of your paintings - some of them are extremely fine indeed & hold their own even after a fairly long passage of time - But quite apart from enjoying the paintings - I was warmly reminded of the times spent together - a trifle nostalgic perhaps. I'm afraid I couldn't come up to Paris as I had to be back for my show - You know what this entails. Anyway I hope to visit sometime in October & I hope you & Janine will be there. I do look forward to seeing you. Regan told me that you have shifted so I'm sending this to your studio.

I'm glad to say that I managed to work while I was in La Cereille & feel a lot happier - if a bit lonely at times - than I did in Delhi. Much love to you both.
