Date 13-5-66

My dear Shri. Raza,

I am writing this to you after a long break of about 6/7 months. Hope you both are doing very well with your art studies and activities.

Hon. Mr. Justice N. L. Abhyankar,

President of our N.S.A. Society is proposing to visit Paris by 12th July 1966. He expressed his strong desire to meet you during his stay for a week in Paris. I have given him your address. He has full sympathies for our art school and <sup>has been</sup> very helpful to the school. He knows all about you and your achievements here as well as abroad. I hope you will receive him at yours when he comes to you and write to me soon after he meets you.

The Nagpur Museum is successful in <sup>acquiring Govt. sanction for</sup> ~~establishing~~ a big Gallery for art and very soon the construction will be over. Shri. Vasant Rao is still there as artist and doing well.

The art school is going on well though we have not been able to make any

addition to the building for many reasons.

I have no letter from your side for the last many months. Please do write.

Things are as usual. I am still feeling quite fit and active and carrying on the routine work of the school and also my other studio work. My wife is also doing well and remembers you often. I remember, you had proposed to visit Nagpur along with your wife. How about it? When should we expect you both?

Shri. Acharya and others meet me and remember you.

Nothing more for the present. Hope this finds you both in best of health.

Please be writing.

With kind regards, to you & Mrs. Raja.

Yours Sincerely,  
M. V. Athavale
