

Narsimh pur  
21-4-50

My dear Raya,

In continuation to my letter posted to you this morning, I herewith send to you your birth cert- which you require for obtaining the Pass- port. your date of birth differs by 2 days, possibly due to the entry in Police register on date 24-2-22. It does not contain your name but along with your school certificates which contain the date of your birth, it will serve the purpose.

Surely I have a very keen desire to see you along with some of your works of different types. If in case you go to Dambod before leaving for Paris, I would wish you to stop at Narsimh pur for a couple of days. you will be pleased to find some new ideas

faculties than as purely an Art"  
up to the stage taught in schools  
of general education.

I hope you will write  
to me from Paris about your  
higher studies and the standard  
of work you find there  
in comparison to what you  
see here.

My eldest son Girdharaj will  
be completing Forest Ranger's Training  
in June next. The second son Devendra  
left studies from Class IX and is out  
of employment. I am thinking for sending  
him for vocational training of dyeing, bleaching  
and calico printing. Would you suggest  
some better line for him. I have reached  
30<sup>th</sup> year of my service with absolutely no  
prospects, simply reaching the maximum of  
Lower Division time scale. With my best  
wishes,  
Yours sincerely
