

Delhi + Bombay. Do write me of those long + nice
letters which I haven't got from you ~~from~~ for such a long
time. Silence helps - as some one said = "Il faut
aiguiser les mots sur la pierre du Silence pour
pouvoir à nouveau les entendre."

If you have time, please do meet Mrs Pushpa
Chopra, 20 Kitchner Road, Diplomatic Enclave, New Delhi
Tele. 33778. Her daughter who is here is very much interested in
Modern Painting. If possible show her some of your work.

We met some young painters recently here. They are all
"unknowns" from Delhi. I was happy to see their spirit &
enthusiasm. Hope good work is being done.

Janine joins me in sending you our fond love. Please
do write + give us all the news. Did you meet Krishna. And

Again & Sai. What are these fingers doing. One day.
We shall look forward to hearing from you -

Ever -
