

UNIVERSITY OF CALIFORNIA

DEPARTMENT OF ART
BERKELEY 4, CALIFORNIA

Wht Aug - 62.

The letter has remained unposted - but then every minute is engaged & I did not have time to go to the Post Office. I am adding a page more. Your friend Mrs Catherine Caldwell rang up. She wanted to know what plans Kasten had for you at the University. Frankly I had no idea - Karl never talked about it. She said that she wanted you to talk on contemporary Indian painting & wanted to arrange something. It seems you have plenty of slides. The International house here want me to talk one evening, but I have a real dislike for lecturing. However my official title is LECTURER in ART. I wish you took over.

I hope Kasten will write. He is expected back here by the 23rd Aug. Don't hesitate to write & let me know what you will want us to do. I am almost inclined to discourage you to visit too many places & spend more time in Berkeley. We could rent out a big flat & live together. & paint. What the devil will you do in Los Angeles & Hollywood. I had almost bought a car last week, but resisted the temptation, as old cars are cheap allright but the repairs can ruin you. So I take the bus - the only convenient transport for my limited budget.

Write a good heartfelt letter - as I haven't received from you for a longtime now. How is art in Japan. How is Renu. I am so keen to see her again. How is work -

Best - Ratg
