Bear Raza

I hope you remember a strong patting that you had given me for an outdoor sketch of a 'Tal' that I had painted in blue and black.

That feeling has remained fresh in me and I am working with it.

I hope a grand success at your exhibition in Chemoold; It is tempting me to come down there and see. I saw your work one in black + white and the other mostly red in Triamale last month in Delhi. I had liked both very much.

I am hereby sending you the reports of our institution. I rember you had a misunderstanding about my opening an independent institution

But I have helping Shri Athawale in every activity social and personal.

It would have been a great pleasure if you would come to Nagpur for a few hours but I learned your difficulty from the letter sent to Shri Athawale

Please convey my best wishes to Smt Raza. How is your foot now? Please write. Rest is o.k.

Yours sincerely
