Balji -

→ wonderful time

We are back in Paris after 3 months in Gorkio. It was "à la Carte" - + I need hardly say, I could have ~~done without Paris~~ - ~~at least~~ stayed a month more - with Messine.

However - for many reasons, we ~~have~~ are back, & happy to be at our studios at Secrétan & Charonne. Paris appears big, noisy & restless - ~~at times very hotly~~.

We had a couple of letters from Mirza. He was delighted to meet you. Thanks for the good reception. May be he will call again this month.

There's no letter from you. Hope all is well. Nalini is here - slightly lost. We did all we could to make her feel at home.

We miss you. Find love to you - Janet & Bud.
