**T**his was a much-awaited show.

**S H Raza** showcased 22 of his special works at the Tao art gallery, and the opening had not just his good friends and colleagues attend, but also a group of college students who were more than excited to see the master's works and hear him speak about art. Of course, the 86-year-old artist couldn't have been more

pleased at the turnout: "I am overwhelmed!" he smiled.

**Anil Dharker** came by, he said he couldn't miss this show. He was seen examining each painting acutely and discussing Raza's unique style. **Meghna Oberoi** dropped by for a while, and quietly took a dekho of all

the works. **Jenny Bhatt** was overheard telling a friend how she had decided to take a long break post her show, but got bored stiff in two day's flat!

Later, she spoke about Raza, whose works she admired: "I believe Raza has found the Truth."

**Akbar Padamsee** and **Raza** later spent some quiet moments together, tak-
