

Carl Kisten

Paris, 1st March 1965

Jean Karl,

Time seems to fly fast. Already we are in March. I do not know what your plans are, but I am writing to say that you + Georgette must visit Paris again + a bit more leisurely this time before departing back home. If I remember right your intention was to visit us again in March.

The sun has started appearing + Paris is going to be beautiful this Spring. We have a fine 'Rouault' exhibition, 'The treasures of the churches', and a 'Caravage show' in the Louvre. With a little chance, it would be fun roaming about in the streets of Paris - see the contemporary painters + antiquity shops. So make up your mind + let's know when you intend to come.

We have pursued our idea of the Indian Govt inviting an art instructor to India to report on art schools + teaching of art. The matter will take time as our first attempt must be with the Govt. of India. The matter will take time as everything is slow with our officials. However the idea is taking ground. We are awaiting our new

Ambassador. So many things will depend on him.
In any case I have my serious intention of pursuing
the matter & if we do not succeed with the Govt.
we will approach private or public institutions.
I will keep you informed.

Your last letter reached us in time.
Have you been painting a lot. Do write &
let us know your plans. We are in Paris
all the time except around 16th April till 26th Apr.

Affectionate greetings from us both -

RNY
