My dear Janine + Raza,

It was quite wonderful to spend a holiday with you. I enjoyed every day, you, your work, Gobio, the country, the food, well everything. There are a few photos to remind you of these happy days.

I spent a night in Tende on my way back, then Turin and a night in Cremona. A day after my return to Vienna, I received the sad news that Margit, wife of my brother Solly, had died suddenly of heart failure. I went to him for 4 days. He is very lost without her. If you want to write, the address is: A. von Leyden, HÖLZLWEG 11, 81. GARMISCH-PARTENKIRCHEN, ALLEMAGNE.

I don't know whether I shall find the time to write something about Gobio. There is so much to do before I go (23. XI) to India.

I hope Janine's exhibition in Norway was most successful. I wish you happiness in your new home in the rue Chapon. Please give me the exact address. Remember me to your mother. I was very happy to meet her.

All the best, dear friends, and don't forget you must now visit me!
