My dear Bal, feet + Urnashi.

As planned we left ~~for~~ Delhi Wednesday morning. It was crowded & the formalities rather tedious & long. But all the 3 gyzers are here, writing love letters. I thought I will send you a word to say that everything went off well. The letter will be posted at Roissy, Charles De Gaulle on arrival.

Once again it has been a great stay in India. I am glad that along with the task given to us, I could also pay spiritual & sentimental visits to my DETH & also see many paintings & sculpture, new & old. And now back to work, for me as for every one.

Thanks once again for coming in to my life & giving me so much affection. With love —

Kilvin
