Dear Raza & Jeanine,

I am so very happy that the four of us are going to meet and that soon! Your letter Raza, has made us feel so excited about this. While we were in Kyoto we kept wondering when you would be in Berkeley and I'm afraid ^{Mr. Houston's} ~~the~~ ~~Kristen's~~ letter made us wonder if we would meet in Berkeley or not. We would really like to drop all plans of visiting other places on the West Coast of U.S and I think Krishen is agreeing on this. We go for 2 days to Los Angeles to meet a few friends. (and) Then we come to San Fran and some'll be able to meet often. If you & Jeanine think it possible for us to join housekeeping with you we would like nothing better but we can talk about this when we meet as they've arranged our stay for one week in a hotel in Santa. & a week in Berkeley hotel.

Krishen will be in London for 2 weeks in October but I shall be in New York and I feel very glad that I'll be able to see both of you there as well.

Yours with love
Renn.
