Udaipur, 20th January, 1989 -

My Dear Amit + Raksha -

Here we are in a dream-like world, peaceful + thought provoking.
The journey by train was nothing short of a "purgatory", in between
a most wonderful stay in your home + the comfortable room here. The
so called 1st class compartment was dirty, without bed sheets + it was
so cold. But it was good to know + live this also. So is my country.

I have been thinking of the days spent with you both + your family,
the warmth + affection. I think of the various subjects we talked
about, the friends we met, the places visited + the good food.
It was an enriching experience for me + Janine too thought that it
was the peak of the visit so far.

We are in good hands here, at least the guide is well informed +
gives good advises. We relaxed yesterday + will visit the city today.
I persist, we will go to Nathdwara tomorrow - even if I do not
reach anywhere near ~~this~~ NATH, I will at least touch the DWARA +
see the city.

This brief letter with much affection. Please convey our renewed thanks
to Shri Divendra Patel, Jeronlal Mehta + ^{also to} the Director of the Gujarat
Samachar for giving us such a ^{beautiful coverage} ~~warm reception~~. The ~~five~~ six days spent
in your home, the memories of all we lived + felt will remain in our
mind + heart for a long time to come.

Our love to you both + children, and deep regards + respect to your parents -

NATH + Janine -
