Dear Raza,

By now you must have settled down in your studio but the experiences of your visit to India may be still lingering on in your mind, which is very natural also. I did receive your letter from Bombay before you left for Paris. It is really sad that we could not meet ~~even~~ this time. But such is life and we are too old to be sentimental about it. Anyhow, I would have loved to see you and talk and exchange views in a relaxed manner. I often meet people who had met you in Bombay and also read in the papers about your participation in East-West.

My show went off rather well. The response was very encouraging - specially in Delhi, it was beyond expectations. Now one has to work again and it is very much possible during summer months when outside activities almost come to a halt. I intend to really concentrate during next 4 or 5 months. I wonder what decisions Mr. Troche took after reaching Paris about the show which he is planning for the festival.

"and also a seminar on
Art & Environment"

In Bhopal, a show of contemp. Indian Art opened on the 5th, I could not go but quite a few Artists from Delhi have gone there.

Still a number of Articles are appearing in the Press about the E.W. Encounter. It got very good publicity.

How is Janine? No news of her.

You might have met a French man called Mr. Barliere whose work is starting a Gallery in Geneva and they want to exhibit Indian Artists. I wonder, what response they will get. I have been invited to exhibit about 7 pictures in Oct. 85.

Kusam has not met me for about 1½ months now. There is some mystery about it. Rai had one of his kidneys removed last week as it was damaged. He has come back home but still quite weak. Last two months have been bad for him.

Let us keep in touch with each other - specially when there is something important to convey.

Love.

Yours -

Ram
