Dear Raza and Janine,

You may be knowing that I had been planning to come to U.S. for last several months but due to one thing or the other, could not do so.

I came here 2 days ago after spending a fortnight in Brazil and PERU where I visited the famous Machu Picchu ruins of Inca civilization. I am intending to stay here for a month and then stop in Paris for a week before going back to Delhi. I hope, you will be in Paris during my stay as one of the main attractions of visiting Paris will be to see you.

I was terribly sorry to have missed you last year in India. If I had known that you were still in Bhopal, I would have come there. Anyhow this time I sincerely hope to see both of you.

Of course, Bal would have told you all the stories of our world but I shall tell you more about Delhi where he has not been for last 2 years.

I have rented a 2 room Apt. for a month in N.Y. and I am intending to do some work also but after 2 days I realize the futility of staying here for a month. Anyhow, it can not be helped now.

Most of the time I am in my Apt.

Do write to me at the above address as I have no facilities of getting my mail. My phone No. is PL2-3427 in case you happen to be in New York.

With love and best wishes.

Yours —

Ram Kumar
