My dear Dileep,

Just before leaving Paris, I rang up to say "hi" to you + Latika. I also wanted to inform you that the cheque of D'Humières arrived just on the morning of Monday 18th June. I immediately acknowledged receipt to Patrick + Vaing.

I also wanted to talk to you about the ^{project} ~~film~~ of a film on Indian Painters, centered on the exhibition at Rue Bonaparte, organised by the Ministry of Culture. Mr. Patrick Casal, director of the ^{M. F.} Ambassade is doing it. The subscriptions will come from the Ministry of Culture + we hope from the Indian Govt, in some form. But it's not enough, + we wondered if UNESCO could help. Mr Casal + Raissa Paramore will contact you + will give you the details of the project. F.R.3 will support it + we hope Province Cote-d'Ivoire also. It will certainly mean an asset to the exhibition if all this works out. Please do see if you could help + guide them.

Today we have learned of the Air-India tragedy. It's indeed sad. One wonders where these cruel + blind actions will lead us. Who are the authors, + who are the victims. The passengers are mostly Indians + so innocent children...

We are trying to get down to work, but days seem to pass by so fast.

Love from us both to you + Latika —
