Paris, 12th August 1961.

My dear Krishna,

We are now anxiously looking forward to leaving Paris - and as planned I think it should be possible to start from here on the 19th August.

We will spend a day or two in St. Fargeau & then continue R.N. 6 towards Macon. We ~~should~~ ^{possibly} arrive at La Caille on the 22nd - afternoon. I wonder if the dates would suit you - I hope they do as we would love to see you & Jean & Christoff & spend a few days in La Caille.

^{morning} I intend to ring you up next week - say Wednesday ^{we} However, if you find time to write & let's know, also if you could ~~give~~ ^{have} indications for the route to take once we are at Macon.

^{all} I earnestly hope that this letter finds you in good health. We are both looking forward to seeing you all.

affectionate greetings -

lata
