Dear Jeanine and Raza,

Sorry for our long silence.
We are quite busy with our stones
and hope to finish by the end of
next month. They gave me a huge
marble stone to work on. We are
all working in a big park on the
mountain right in the centre of
the city and we stay right there.
It is beautiful and warm.

We hope you are taking
rest in Gorbio and enjoying
yourself. I have got two offers
to teach in united states. We
have to see if it will work out.

With our love
Krishna
&
Shirley-
